Monitoring Operator Responsibilities

- Remotely monitor CCTV cameras to ensure the safety and security of client premises.
- Conduct surveillance to detect and prevent theft, vandalism or other illegal activities.
- Maintain accurate incident records in internal software and report suspicious behaviour to the competent authorities.
- Collaborate with law enforcement agencies as necessary.

Monitoring Operator Qualifications

- Flexibility in the days you are available, with availability to work nights, every two weekends, and statistical holidays by teams (if needed).
- We operate 7 days a week, 365 days a year, including public holidays.
- Availability to work 7 shifts (84 hours) over a 2 week period.
- Ability to work 12 hours per shift, while sitting at an office.
- People who pay close attention to detail and are able to identify potential security risks.
- The experience of emergency services, such as the police, ambulance and fire, is preferable, but not necessary.
- Ability to remain calm and composed in high pressure situations.
- Skill in computer use, including knowledge of software such as MS Office, Google Chrome, and other basic computer programs.
- Communication skills, both oral and written in English, are required.
- Post-secondary training or equivalent experience in any field.
- Quality references that will attest to your work, attitude and presence.
- Ability to provide a clear criminal history check.
