Duties and responsibilities · Hospital Security Guard

- Carry out regular patrols to monitor suspicious activities and maintain the safety of hospital facilities.
- Control access points and verify identity to ensure that only authorized persons enter restricted areas.
- Use portable and walking metal detectors to track patients, visitors, personnel and contractors in line with hospital safety policies.
- Provide clear instructions and project a professional approach that respects during security screening.
- Maintain a calm presence in a high-strength health care environment, including in the event of an emergency or high-intensity period.
- Help with patient safety, including surveillance of missing or wandering patients and support patient monitoring tasks.
- Respond to incidents such as White Code events, fire alarms, attacks or security threats.
- De-escalate conflicts and intervene as necessary to maintain security.
- Monitor and inspect security equipment including CCTV, panic alarms, and fire safety systems.
- Maintain detailed incident reports and communicate safety concerns to hospital staff and supervisors.
- Support law enforcement and emergency responders in serious incidents.

Qualifications · Hospital Security Guard

- Legally authorized to work in Canada
- Valid Saskatchewan Security Guard License (or willing to obtain – we can help with the process)
- Clear criminal history check
- First Aid/CPR certification considered an asset
- Ability to stand and walk for the duration of the watch
- Be able to work on your own and remain vigilant in a dynamic environment
- Strong communication, conflict resolution and de-escalation skills
- Ability to remain calm under pressure and respond effectively to emergencies
- Professional conduct with strong interpersonal skills and the ability to build positive relationships
- Comfortable using workplace technology; experience with CCTV systems considered an asset
- Prior experience in a hospital or health care environment considered an asset
