Reference	1452873300
Work locations	Regina (Saskatchewan, Canada)
Published	November 23, 2026

The role of a Power Industry Security Guard

Requisition: 251536

What matters most in this role is your ability to establish meaningful relationships with clients. Tell us how your natural ability to interact with others reassures and inspires confidence.

As a security guard for the electricity industry, you focus on office tasks, scheduled patrolling and customer service, as you will work with people from all shifts in a high visibility industrial environment

Pay and benefits

- Hourly wage of $17.52+ Comprehensive benefits
- We will invest in you, covering the costs of continuing training through GardaWorld Academy
- Opportunities to advance within GardaWorld.
- A uniform is supplied free of charge.
- Function: Wednesday in Fridy 0700-1700

Duties and responsibilities · Power Industry Security Guard

- Welcome and assist visitors, verify identification, publish and provide clear advice while maintaining excellent customer service in person and on the phone.
- Manage entry to entry and exit points through electronic systems or physical checks to ensure that only authorized persons enter the premises.
- Carry out regular patrols inside and outside stairs, corridors and common areas to establish presence, identify risks and maintain order.
- Conduct Mobile Patrols
- Monitor and document all security systems and CCTV for suspicious activity or operational issues, escalating concerns when needed.
- Inspect and report maintenance requirements related to security equipment and facility infrastructure.
- Respond without delay to incidents or complaints, provide first aid when needed, and coordinate effectively with emergency responders.
- Secure identified doors, ensure appropriate locking procedures and enforce land settlements and municipal by-laws throughout the shift.
- Protect client assets from theft, vandalism, intrusions and other security issues by remaining vigilant and proactive.
- Document all activities, including incident reports, maintenance records and daily reports, ensuring the accuracy and timely communication of concerns.
- Promote positive relationships with staff and act as the first point of contact in an emergency to ensure a coordinated and professional response
