Le poste

The position

As an RBC Financial Advisor, you attract, nurture, and grow relationships with our high-value personal and small business clients, by adding value in the moments that matter to them. You provide our clients with proactive,

professional advice and collaborate with RBC partners to help clients with their goals and key life events. As an expert advisor, you have a breadth and depth of expertise across everyday banking, investments, and credit, with the ability to fulfill on a robust Advice Experience on both complex personal and business needs.

Responsibilities

- Consistently demonstrate empathy, kindness and take the time to understand circumstances, motivators and concerns in all interactions with colleagues and clients
- Communicate effectively to uncover client needs, deliver client centric advice, solutions and proactively resolve client concerns at first point of contact
- Use your own advice capabilities, an those of the right partner in the RBC ecosystem to meet our clients entire suite of financial needs, both personal and business
- Provide professional advice and education with an ability to address complex credit and investments, ensuring solutions recommended are appropriate for client needs and financial circumstances
- Champion digital enablement by proactively educating our clients to self-serve, while leading with advice, serving through digital where possible and encouraging our clients to interact with us in their channel of choice.
- Make good use of technology to connect with clients both virtually and face to face
- Implement effective contact and relationship building strategies, that accelerate new client acquisition and retention in your local community
- Collaborate with market-leading professionals in financial planning, retirement planning, mortgages, and business banking experts to ensure clients receive customized and relevant expert advice
