The position

An exciting opportunity to join the Wholesale (Capital Markets) Finance team. The Manager, Wholesale Financial Control, will act as the subject matter expert and Finance point of contact for the RBC Clear cash management business, with the objective of delivering timely, accurate and reliable financial information. The manager will support internal and external reporting, disclosure requirements, and the control framework, while seeking opportunities to streamline processes and participate in ad-hoc projects. The manager will liaise and collaborate with cross-functional teams including Business, Operations, Product Control, Performance Management, Risk and IT across the Enterprise.

Responsibilities

- Responsible for the accurate and complete financial and regulatory reporting of wholesale finance results, particularly those related to RBC's treasury management activities and M&O business elements at the New York branch.
- Oversee the monthly General Ledger (GL) data, financial results and variances to ensure accuracy, including monitoring of allocations and other intergroup activities, general ledger reconciliations and financial reporting templates.
- Provide meaningful analysis of financial results to ensure accurate external reporting, including MD&A, B/S, P&L, note disclosures, regulatory reporting & supplemental formats.
- Maintain the monthly review program to ensure that financial controls are in place and appropriate reconciliations are completed Ensure that all stakeholders adhere to global policies and procedures, including product control, operations, financial and regulatory reporting from the principal office and the principal office, to ensure consistency and relevance of reconciliations.
- Become an expert in treasury management product accounting. Maintain technical knowledge and ensure that financial control, product control and business teams are kept informed of all new accounting developments
- Help with the coordination with Accounting Policy / Front Office for new business initiatives and support the operational execution and implementation of new accounting standards. Assess related financial reporting impact, coordinate and execute implementation plan.
- The department is responsible for ensuring that new products and transactions are properly recorded in RBC's financial reporting systems, including the appropriate use of GL reporting lines and financial statements.
- Ensure compliance and completeness of SOX and RBC EUC documents, including new controls and processes.
- Participate in special projects such as the Associate Director, Wholesale Funding.
