Senior Manager, CIAM Identity Security Assessments

Requisition	R0000193539
Employer	Royal Bank of Canada
Canadian locations	Toronto (Ontario, Canada)
Primary address	16 YORK ST, TORONTO, ON M5J 0E6, Canada
Posted	November 26, 2026
Last day to apply	December 30, 2026
Posted deadline	December 31, 2026
Business area	TECHNOLOGY AND OPERATIONS
Employment status	Regular
Work schedule	Full time · 37.5 h per week
Pay type	Salaried

The position

In the role of Sr. Manager Client Identity Security Assessments, you will lead the CIAM application assessment process to review applications related to corporate customer identity to follow established standards, and help strengthen and to global maturity CIAM. You will be an integral part of a new and growing team to develop and align customer identity and access management across the company.

Responsibilities

- Conduct the completion of CIAM's assessments of applications for the end-to-end process within established timelines, including communications with depositaries/delegates of applications, and the obtaining and reviewing of relevant evidence to determine compliance with established standards.
- Providing guidance on “what good looks like”, assisting business and technology owners with what constitutes successful remediation implementation, and ensuring findings exist where applicable.
- Develop partnerships and work with respondents and owners at various levels of the organization to ensure that assessment and remediation activities meet compliance requirements.
- Promote strong relationships with stakeholders to foster active and collaborative labour relations.
- Lead planning activities to manage progress in CIAM evaluation in CIAM's application inventory and provide advice on new internal or regulatory requirements.
- Prepare regular senior management reports for the overall state of the effort, forecast of planned efforts and new trends.
- Identify gaps, non-compliance and investigations and provide documents to applicants to properly document findings in the Findings Registry.
- Work with homeowners to develop appropriate remediation plans and options to address them.
- Work to integrate automation and efficiency into evaluation processes to allow for more automated monitoring and evaluation.
- Encourage and actively participate in initiatives that stimulate CIAM maturity and business recovery activities.

Qualifications

Requirements

- 7 years and over Experience in IT risk management (e.g. risk management, IT controls, audits).
